We can encounter Christ by sharing words with others in the Bible. It says we should treat others as if they are Jesus. We should always remember that Jesus can see our actions.

We can encounter Christ by showing love and smiling as our actions are contagious so the more we show good actions the more the world can become a kinder place to live in.

How do we Encounter Christ?

We can encounter Christ today by saying a prayer and supporting those who are in need. We can also encounter Christ by showing compassion and respecting others too.

By praying to God for our loved ones.
