

Year 5 Recommended Reads!

“There is no such thing as a child who hates to read; there are only children who have not found the right book.”

Book	Title	Author	A Brief Guide...
	COSMIC	Frank Cottrell-Boyce	<p>Liam Digby wanted to see the world, but not quite like this . . . He's just an ordinary twelve-year-old. A very, very TALL ordinary twelve-year-old. Some people even think he's a grown-up.</p> <p>This is the incredible story of how Liam told some fibs, won a trip to a theme park, made some new friends and sort of, by accident, ended up in space.</p>
	LAST BEAR	Hannah Gold	<p>There are no polar bears left on Bear Island. At least, that's what April's father tells her when his scientific research takes them to this remote Arctic outpost for six months. But one endless summer night, April meets one. He is starving, lonely and a long way from home. Determined to save him, April begins the most important journey of her life...</p>
	PLANTING PEACE	Gwendolyn Hooks	<p>This is the inspiring story of Wangari Maathai, women's rights activist and one of the first environmental warriors. Overcoming great obstacles, Wangari began the Green Belt Movement in Kenya in the 1960s, which focused on planting trees, environmental conservation and women's rights. She inspired thousands across Africa to plant 30 million trees in 30 years, saving many from hunger and poverty. Her remarkable story of courage and determination shows how just one person can change the world.</p>
	THE INCREDIBLE ECOSYSTEMS OF PLANET EARTH	Rachel Ignotofsky	<p>Through exquisite illustrations, maps and infographics, bestselling author Rachel Ignotofsky explains how our planet works, from its incredible ecosystems and the plants and animals that live there to the importance of biodiversity, weather cycles and more. Including information on the dangers of climate change and ideas for how to protect Planet Earth, this utterly charming guide is the perfect gift for all nature-loving readers on the planet we call home.</p>
